Assessment and Accreditation

Assessment is the systematic basis for making inferences about the learning and development of students. It is the process of defining, selecting, designing, collecting, analyzing, interpreting, and using information to increase students' learning and development. Process of Assessment begins with the goals for student learning articulated in the College Mission and Outcomes Statements. These institutional goals are implemented at the program and course levels. Assessment at these levels provides information that enables the College to determine the extent to which its goals for student learning are being met. Assessment data also guides revision at the program and course levels designed to enhance student learning.

Accreditation is a process of quality assurance and improvement, whereby a program in an approved Institution is critically appraised to verify that the Institution or the program continues to meet and/or exceed the Norms and Standards prescribed by regulator from time to time. Accreditation is advancement and upgrading of programs and performance in higher education institutions.

Accreditation Agencies:

NAAC: National Assessment and Accreditation Council: is an autonomous body established by the University Grants Commission (UGC) to assess and accreditate institutions of higher education in the country. The NAAC was established in 1994 with its headquarters at Bangalore.

NBA: National Board of Accreditation: NBA was established in the year 1994 under Section 10 (u) of AICTE Act. NBA became Autonomous in January 2010 and in April 2013 the Memorandum of Association and Rules of NBA were amended to make it completely independent both administrative as well as financial. NBA became a permanent member of the Washington Accord (an international accord) in 2014.

NBA assess the curriculum design, Teaching-Learning Process with extent of Outcome Based Education Practice, Research & Consultancy, Infrastructure, Student Progression, Governance and the best practices adapted by the institution and accredits the program (Department).

UGC 2f and 12B Certification : The University Grants Commission (UGC) provides financial assistance to eligible colleges which are included under Section 2(f) and declared fit to receive central assistance (UGC grant) under Section 12 (B) of UGC Act, 1956 as per approved pattern of assistance under various schemes. JNNCE obtained UGC 2f and 12B Certification during 2018

AICTE Activity Points: These points are to be earned by students admitted to 1st year, over and above the academic grades. A student shall earn 100 Activity Points (75 points for lateral entry students) respectively for the award of degree through AICTE Activity Point Program. The Activity Points earned shall be reflected on the student's eighth semester Grade Card. The activities can be spread over the years, any time during the semester weekends, and holidays from the year of entry to the program. Activity Points (non-credit) do not affect SGPA/CGPA and shall not be considered for vertical progression. In case students fail to earn the prescribed activity points, an eighth Semester grade card shall be issued only after earning the required activity points. Students shall be admitted for the award of the degree only after the release of the eighth semester grade card.

ESC or ETC Courses: These are 03 credits Courses and have only a theory component or if the nature the of course required experimental learning syllabus shall be designed as an Integrated course. The student has to select one course from the ESC-I group. For example, EEE Students shall opt for any one of the courses from the ESC-I group except, 22ESC142- Introduction to Electrical Engineering and ECE/ETC/BM/ML students shall opt any one of the courses from ESC-I except 22ESC143 Introduction to Electronics Engineering. The students have to opt for the courses from ESC group without repeating the course in either 1st or 2nd semester. The students must select one course from either ETC-I or PLC-I group. If students study the subject from ETC-I in 1st semester, he/she has to select the course from PLC-II in the 2nd semester and vice-versa.

One credit Courses: These courses have the SEE of 01-hour duration and the pattern of the question paper will be MCQ.

Assessment Details (both CIE and SEE)

The weightage of Continuous Internal Evaluation (CIE) is 50% and for Semester End Exam (SEE) is 50%. The minimum passing mark for the CIE is 40% of the maximum marks. The minimum passing mark for the SEE is 35% of the maximum marks. A student shall be deemed to have satisfied the academic requirements and earned the credits allotted to each subject/course if the student secures not less than 35% in the semester-end examination(SEE), and a minimum of 40% in the total of the CIE (Continuous Internal Evaluation) and SEE (Semester End Examination) taken together.

A. Continuous Internal Evaluation (CIE):

1. Minimum CIE marks for all theory courses is 40 % of the marks prescribed for CIE.
2. For Non-Credit Mandatory Course (NCMC) minimum marks to be scored in 40% of prescribed CIE marks. The courses will not be considered for vertical progression and CGPA Calculation but completion of course is mandatory for award of degree.
3. Students satisfying the attendance but failing to secure the prescribed minimum marks shall not be eligible for the SEE.

B. Semester End Examinations (SEE):

1. SEE is conducted by university for maximum 100 marks and proportionally scaled down to 50 marks.

- For theory and drawing courses, minimum SEE marks to be secured is 35 % of maximum marks i.e., 18 marks.
- For practical/fieldwork, maximum SEE marks is 50 and minimum SEE marks to be secured is 35 % of 50 marks i.e., 18 marks.

SGPA and CGPA

- (i) The University adopts absolute grading system wherein the marks are converted to grades, and every semester results will be declared with Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA). The CGPA will be calculated for every semester, except for the first semester.
- (ii) The grading system with the letter grades and the assigned range of marks under absolute grading system are as given below:

Level	Outstand- ing	Excellent	Very Good	Good	Above Average	Average		Fail
Letter Grade	O	A+	A	B+	B	C	P	F
Grade Points (P)	10	9	8	7	6	5	4	0
% of marks secured	90-100	80-89	70-79	60-69	55-59	50-54	40-49	0-39

Credit Points (CrP) = GP x Credit of the course

A student obtaining Grade F in a Course (subject) will be considered fail and is required to reappear in the subsequent SEE. Whatever the letter grade secured by the student in his /her reappearance shall be awarded. The number of attempts taken to clear courses/s shall be indicated in the grade card.

Calculation of SGPA and CGPA

The following expressions is being used to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) respectively:

$$\text{SGPA} = \frac{\sum[\text{Course Credits} \times \text{Grade Points}] \text{ for all the courses in that semester}}{\sum[\text{Course Credits}] \text{ for all the courses in that semester}}$$

$$\text{CGPA} = \frac{\sum[\text{Course Credits} \times \text{Grade Points}] \text{ for all the courses excluding those with F grades until that semester}}{\sum[\text{Course Credits}] \text{ for all the courses excluding those with F grades until that semester}}$$

Conversion of CGPA into percentage

There is no formula for the conversion of CGPA into the percentage of marks. However, the following formula for conversion of the CGPA on a 10 - point scale into the percentage of marks (M) for employment / higher studies, etc may be used;

Percentage of marks secured, $M = \text{CGPA Earned} \times 10$

Illustration for a CGPA of 8.20: $M = [\text{CGPA Earned } [8.20] \times 10 = 82.0 \%$

Class Equivalence

Subsequent to the conversion of final CGPA, after successful completion of the Programme, into percentage of marks (M), a graduating student is reckoned to have passed in

1. First Class with Distinction (FCD) if $M \geq 70\%$
2. First Class (FC) if $60\% \leq M < 70\%$.
3. Second Class (SC) if $50\% \leq M < 60\%$.
4. Pass Class (P) if $40\% \leq M < 50\%$.

Attendance Requirement

Each semester the candidates have to put in a minimum attendance of 85% in each course with a provision of condonation of 10% of the attendance by the Vice-Chancellor on the specific recommendations of the Principal of the college where the candidate is studying, based on medical grounds, participation in University/State/ National/ International level sports and cultural activities, seminars, workshops, paper presentation etc., of significant value. The supporting documents for condoning the shortage of attendance must be submitted along with the recommendations.

- a) The basis for the calculation of attendance will be the period prescribed by the University by its calendar of events.
- b) For course/s having lecture and tutorial hours, attendance is with respect to 85 % of attendance in lecture hours and 85 % of attendance in tutorial hours. If the attendance requirement is not satisfied in any one of them, the candidate will be considered as not satisfied the attendance condition. Condonation of 10 % can be applied separately to lecture and tutorial hour to make up the deficiency in attendance.
- c) In case of late admission, approved by competent authority (DTE/VTU), to I semester, attendance will be reckoned from the date of admission to the college.
