<u>20.5.2020</u>

# Lab Internal Assessment

As per VTU circular dated 11/5/2020, after the internal discussion, following guidelines and procedure is finalized for conduction of Lab IA. This is only for during this even semester 2019-20 (during the lock down period).  Lab Internal Assessment will be scheduled either before 31st May 2020 or between 1st to 3rd Jun 2020.

## Guidelines :

| Sl.No. | Assessment method/procedure | Weightage of IA |
|---|---|---|
| 1. | Design, procedure of an experiment, tabulation of data, calculation / Algorithm Design/ Writing program **Procedure:** Using Google class room any one experiment will be asked for which the student should write the Design procedure of that experiment, tabulation of data, calculation / Algorithm Design/ Write program and scan the answer script and submit through Google Class room. In case of programming lab, one check the execution of the program  in Ebox or in other tools **Time duration:** 30 minutes + 10 minutes ( additional time for scanning  & uploading to Google Class Room) | 10 |
| 2. | MCQs related to the experiments covered to be conducted through Google Class room (No of questions will be decided by respective Faculty) **Time duration:** 2 minutes / question | 10 |
| 3. | Viva Voce conducted for each student for about 5 minutes using  online meeting application | 10 |
| 4. | Lab Record | 10 |
| **Total** | | **40 Marks** |

**Portion for the lab test:** Experiments covered before lock down and the experiments whose videos are communicated to the students.

**Detailed time table will be notified by each department and will be uploaded onto website soon.**
