New Age Incubation Network Creative club

Agenda of inaugural function of NAIN Creative Club on 23/09/2017 :

The epitome of excellence, **NAIN** , *New Age Incubation Network* under STARTUP Karnataka by ICT skills development society, Dept. of IT, BT and S & T, Government of Karnataka, New age incubation network in JNNCE, Shivamogga termed as ***New Age Incubation Network Creative Club***. It is a place wherein large number of product ideas from the youths is turning into reality. Each idea is implemented with up to Rs.3 Lakhs from Govt. of Karnataka to turn them into a product which will be helpful for the society. Hence youths are getting a stage to showcase their excellence with the support and guidance of experts. *NAIN*, Shivamogga is striving for the overall development of the youths as an expert in the field of technology and to be an entrepreneur.

With the association of *NAIN* ,the students have started a club named **NAIN Creative Club** . The vision of the club is to improve the quality of education by including various skills such as technical skills, communication skills, and practical knowledge in order to survive in this competitive world.

Mr. Nivedan Nempe, founder – Areca Tea, CEO – Mystic Aromatics, address the gather with a motivate speech, in today's *Inaugural function* which will be presided by the principal of JNNCE, **Dr. H.R. Mahadevaswamy**.

The main missions of the club are as follows.

- To provide a better platform for the students from interior places in and around Shivamogga.
- To provide a better platform that imparts industrial exposure.
- To provide a platform that imparts knowledge and its practical importance.
- To train students to demonstrate their communication and practical knowledge about quality with ethical practices.
- To create awareness in students regarding the facilities provided by the Government bodies, Industries & Institutions and to make them utilize to serve the nation.
- To build startup & entrepreneurial ecosystem and to increase the job opportunities in and around Shivamogga.

The initial presentation part was not up to the mark. Expected a little more detailed, neat explanation. Apart from this, the workshop was good.

The thought of using solar energy is very good and it is helpful for our future, and I thank IITB for this event & I wish IITB should conduct some more events regarding this.

Thank you,

Shweta Bhatnagar ECE,

J.N.M.C.E Shimoga
