## ABOUT THE PROGRAMME

Women faces lot of hindrances in obtaining education in our society. Higher level of literacy leads to greater awareness and help in acquiring new skills. Higher education, once the privilege of the elite, is increasingly within reach of the majority including women and girls in all countries. Education also helps in raising the status of the family and society.

Education at all levels, but higher education especially, gives women options, empowers them to be independent thinkers and agents of change. Encouraging education amongst women is important to accomplish their goals in life. Hence this workshop is to encourage teachers and students to pursue their dreams.
