Workshop Summary

On July 15th 2020, Department of Information Science & Engineering, JNNCE, Shimoga organized a workshop on “Networking, Internet issues and its solutions in the JNNCE Campus “.

The objective of the workshop is to make departments self-reliant on networking. Since every department has computer labs, hence there is a need of constant maintenance, this workshop will help solve the problem. The conference was open for technical staff of JNNCE campus.

Workshop was inaugurated by the chief guest Dr. Manjunatha P, Dean Academic, JNNCE along with the resource persons Mr. H K Pradeep, Associate Professor, Dept of ISE, JNNCE, Mr Anil Kumar, Assistant Instructor, Dept of ISE, JNNCE, President of the workshop Dr. R Sanjeev Kunte, Head of the Dept. ISE, JNNCE and workshop coordinator Sayed Aftab Ahamed, Assistant Professor, Dept of ISE, JNNCE, in the Presence of all Participants.

Dr. Manjunatha P gave the inaugural speech and motivated the participants with his enthusiastic words to actively participate in the workshop and to meet the objectives of the workshop.

Pic 2: Presidential Speech

Resource person Mr. H K Pradeep initiated his talk and delivered the basics of networking. He explained working equipment's and the connectivity that happens in the network. Later after the tea break, he explained what all the issues that may arise in the network around the campus and to the individual and the steps by which the issues can be resolved.

Mr. H K Pradeep even explained, how the centralized server is going to work. The IP configurations done and the method to be followed by individual in the department to assign the IP address for their systems and how to resolve the conflicts that arise in IP address.

Pic 6: Demonstrating Crimping

The resource person was able to successfully demonstrate the crimping process of networking cables.

Feedback has been taken for all the participants reporting about, how helpful the workshop was.

Outcomes:

- This workshop made each of the technical staff of JNNCE to analyze the issues that arise in the network.
- The workshop concept of self-reliance was met by providing practical and realistic hands-on session for all the participants.
- All the departments know can be able to resolve the issues in networking.
