Expenditure for Internship Training on "Demystification of Python for structured and semi-structured data" from Aug 3rd to Aug 31st, 2020

Submitted

Internship training on "Demystification of Python for structured and semi-structured data" was organized for final year students from Aug 3rd to Aug 31st, 2020. It is organized under the platform of Center of Innovation and Entrepreneurship, JNNCE and collaboration with Ekathva Innovations Pvt. Ltd., Shivamogga. 136 students have registered for this training programme. Fees of 1,300 Rs/- were collected from each student. The detail of the expenditure incurred is attached. In permission letter for budget, we have estimated student strength of 90 and prepared budget accordingly. Since number of students increased to 136, the amount proposed for each item has been proportionately increased. It was planned to have Valedictory with Snacks earlier but because of COVID pandemics it could not be conducted and amount proposed for the same has been redirected to CIB account. Kindly approve the same and do the needful.

Submitted

2 Internships were conducted successfully at JNNCE CIE in association with Ekatha Innovations Pvt Ltd. in CSE Department Labs during July, 2019 and Jan, 2020. This semester with COVID pandemics Dept. of CSE wishes to conduct an online internship. (demo-live coding based). Projects can be carried out individually online and remote guidance shall be given. However, extra guidance and coding support shall extended offline in the college once pandemics is over. 4 weeks certificate shall be given as per VTU norms. The proposed date of Internship is Aug 3rd to 31st, 2020.

The Internship topic is based on "Demystification of Python for structured and semi-structured data" which includes following:

- (i) Full stack python with Django working with relational and non-relational databases(MongoDB)
- (ii) Micro web framework Flex with open source cloud database- Cassandra
- (iii) Python for third generation of web-Semantic web (RDF and OWL technologies)
- (iv) Python interfaces for Elastic Search and Kibana Visualization dashboards

Around 90 students have shown interest to registers to this Internship and details are enclosed. The approximate cost would be 1300/- per student. Hence we request you to kindly permit the conduction of Internship and do the needful.

Should be in Secretary to you

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Ms. Meghana G P bearing USN: 4JN17CS043 of final year B.E., Department of Computer Science and Engineering has successfully completed the four week internship on "Demystification of Python for Structured & Semi-Structured Data" during 3rd Aug 2020 to 31st Aug 2020. The student has been regular and completed assignments, tasks and projects given during this Internship. She has been trained on the following technologies: Full Stack Web development with Python, Flask micro web framework with cloud databases, Elastic Search and Kibana and Python interfacing for Semantic Web. She has worked on project "Development on an Online Treasure Hunt system using Flask microweb framework and DataStax Cassandra". Her overall performance was found to be good.
