About The College

JCE was established in the year 1980 by the National Education Society. The college is affiliated to VTU, Belgaum and recognized by AICTE, New Delhi. It offers 7 UG and 2 M.Tech Programs besides MBA and M.A. It has 9 Research centers recognized by VTU. The college is regarded as one of the excellent centers for technical education and research. The Institution is AICTE accredited with 'B' grade. The college is providing its fruitful services in the 40th year. The college organizes international and national workshops, conferences, seminars and short term courses on a regular basis. The institution has IEEE, IETE and ISTE members.

About the Department

The Department of Electronics & Communication Engineering was started in the year 1980 and accredited by AICTE, New Delhi. Department have well equipped laboratories, qualified and experienced staff to cater to the needs of students of UG program and PG program (M.Tech in Digital Electronics and Communication Systems). The ECE department has been recognized as research center under which 22 research scholars are pursuing Ph.D under VTU Belgaum. UG and PG students are actively involved in carrying out their projects at New Age Incubation Network. The department has IETE and ISF forums. The Institute of Electronics and Telecommunication Engineers (IETE) center is the national apex body of professional engineers devoted to the advancements of Electronics, Telecommunications, IT and allied areas. The 56th center of IETE was inaugurated at Jawaharlal Nehru national College of Engineering Shivamogga on 1st March 2009.

Department Vision

To be a premier centre of education and research in Electronics & Communication Engineering for producing competent engineers to cater to the needs of industry and society.

Department Mission

- Impart quality education through innovative and continuous teaching – learning process
- Groom the students with required foundations of Electronics & Communication Engineering and inculcate in them the professional ethics & human values.
- Train the students and the faculty in state – of – the – art technologies and motivate them for higher studies & innovation based research for the needs of the industry and society.
- Create centers of excellence in the field of Electronics & Communication Engineering in collaboration with the industries and academic organizations.

About the Program

This Program helps the participants to get knowledge in various fields like communication, algorithms in deep learning, web app development, soft skills and development and also opportunities in IC design industry.

Who can attend?

Students, faculty members and research scholars of various discipline.

Registration details

No registration fee for the program.

E certificates will be issued for the participants after they satisfy the attendance requirements and give the feedback about the webinar
