To,

The Principal,
JNNCE,
Shivamogga

Respected sir,

**Sub: Regarding conduction of 2 days offline placement training programme on
C programming skills**

In the view of campus placements for the students who are currently in 5th semester, we have planned to organize a 2 days training offline programme on **C programming skills** on 20th and 21st of September 2021 from 9:30 am to 5 pm. The department placement training coordinators will handle the sessions for both the days. In this regard we would like to seek your permission to conduct the above said programme for the benefit of students. Kindly consider and oblige.

Thanking you,

Yours sincerely,

R. Basila 15/9/21

Proceedings of 2 day Training Programme on C Programming Skills

Keeping in view the campus placements there was a need to train the students in C programming skills. Apart from teaching C theory, students need to know different ways of solving C questions that are asked in interviews. They need to learn thinking out of the box for most of the questions. In this aspect the **Placement training team** of Department of Information Science organized a 2 day offline training programme on “C Programming Skills” on 20th and 21st September 2021. The target audience were 5th semester students. The programme was inaugurated by the Head of ISE department, Dr. Sanjeev R Kunte. Around 80 students attended the training programme.

Resource persons

1. Mr. Sudeep Manohar, *Assistant Professor, Department of ISE, JNNCE*
2. Mrs. Deepa V B, *Assistant Professor, Department of ISE, JNNCE*

Objectives

To train students to:

1. Understand C programming concepts better
2. Predict the output of a given code snippet in less time
3. Identify the syntactic and logical errors in the program

Training plan

- Training was done for 2 days covering all the concepts of C programming language.
- MCQs from all topics were collected and solution were explained
- An online test was done to assess the students knowledge
- Group activity and games were conducted to enhance their personal development skills

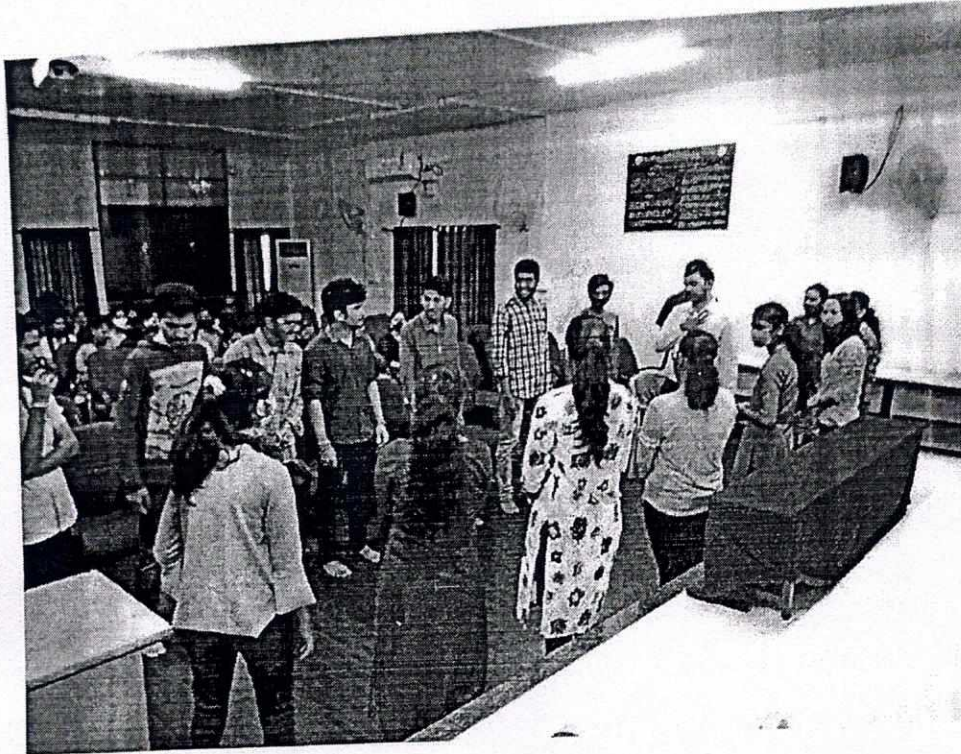

Outcome

Students were able to:

1. Predict the output of the given code snippet
2. Identify the errors in the code
3. Think in a different way to solve the given problem

Schedule

Day	Forenoon Session 9.30 am to 11 am		Afternoon session 2.30pm to 4pm
