Dear sir,

Thanks for the mail.
I'll be happy to be part of the session on 9th

Regards,
Koushik

Thanks a lot. Thank you for your response. Thanks for your support

Feedback form for technical talk

Event Date and Timing: March 9th, 2022 and 6pm.

* Required

1. List some takeaways from the talk *

2. Overall, How much informative was the technical talk ? *

Mark only one oval.

1	2	3	4	5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
boring				fantastic

3. After the talk, How much inspired do you feel? *

Mark only one oval.

1	2	3	4	5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
none				fired up!

4. Would you recommend a similar talk session in the upcoming days *

Mark only one oval.

<input type="radio"/>	Yes
<input type="radio"/>	No
<input type="radio"/>	Maybe

5. Was the Talk Topic relevant to engineering ? *

Mark only one oval.

<input type="radio"/>	Yes
<input type="radio"/>	No

Report on technical talk on Entrepreneurship

Department of Electronics and Telecommunication Engineering, JNN College of Engineering organised a Tech-Talk on "Entrepreneurship" on 9th March 2022 at 6pm through on-line. The Webinar was attended by 24 students from 6th and 8th Semester of Electronics & Telecommunication Engineering. The resource person for the session was Mr. Koushik R. Udupa, who completed his Bachelor of Engineering in the Department of Electronics and Communication of batch 2019 who is the Co-founder and CTO of Ekathva Innovations, Shivamogga.

In his talk Mr. Koushik R. Udupa, emphasised the importance of Entrepreneurship. He gave an outline about Ekathva Innovations and Entrepreneurship, which was founded by him with four co-founders. Their major project was **Smart Irrigation Management**. He also gave us a brief about their company's milestones.

The important thing that we got to know about entrepreneurship here is that "Entrepreneurship is the ability and readiness to develop, organise and run a business enterprise," along with any of its uncertainties in order to make a profit. The most prominent example of entrepreneurship is the starting of new businesses. And also he informed us about the pros and cons of Entrepreneurship. In addition to this we also got to know about the possible fields to choose to become an entrepreneur and the employment opportunity if a new start up is set up.

Conclusion

The overall technical talk on Entrepreneurship was very informative to both the student and teacher community. We got to know the importance of start-ups, the challenges that we may face and the advantages of creating, initiating and setting up a new organisation.

Mr. Benak Patel M. P. and Mrs. Aparna were the coordinators for the technical talk from E&TE department.
