Dear Sir,

Sub: Invitation for addressing students through Webinar on Command Line Arguments in C, C++ and Java

On behalf of the Department of Computer Science & Engineering, JNNCE, it gives me immense pleasure to invite you to deliver a webinar for students of 4<sup>th</sup> semester, to be held on 14 September 2021. In this regard, we request you to accept our invitation and share your knowledge with our students.

Thanking You,

Dr. K. M. Poornima  
Prof. & HoD,

Dear Sir,

**Sub: Letter of Appreciation**

On behalf of the department and myself, I thank you for delivering the webinar on "Command Line Arguments in C, C++ and Java" for students of 4<sup>th</sup> semester, Dept. of CS & E, on 14/08/2021. The feedback from students indicate that they gained knowledge about the topic. The programs used in demonstration of the topic also helped them in logic building and applying the construct while programming.

Thank you for taking out time to share our knowledge with students.

Thanking You,

  
**Dr. K. M. Poornima**  
Prof. & HoD,  
Dept. of CSE

Proceedings of Webinar  
on  
*“Command Line Arguments in C, C++ and Java”*

Date:  
14th September 2021

**Resource Person: Mr. NAVANEETH N KAMATH**  
Mysterio C (1 place- Inter-department event)  
Plasma (2 place- National hackathon),  
Shivamogga

**Participants:** Students of B.E (CSE) 4<sup>th</sup> semester

The webinar began with welcome and a brief introduction about the session by Mr. Chakrapani D S, Asst. Prof, CS&E at 10.30 AM. The session started with introduction to command line parameters. Mr. Navaneeth N Kamath explained about command line parameters, its usage, advantages, applications where these could be used. He gave a demo on how to use this in C, C++, and Java by executing multiple programs in all three languages. He concluded by listing various advantages and few limitations. The activity was conducted to aid students in understanding placement related coding-based questions on command line parameters. The session was concluded by answering queries of students, followed by thanksgiving by Dr. Sankhya N Nayak.

This, webinar was attended by over 70 students from 4<sup>th</sup> semester. The feedback from students points at the fact that they gained sufficient knowledge about command line arguments and additional knowledge in C, C++ and Java compared to Curriculum and have shown interest in attending more such webinars.
