Sub: Re-constitution of the Grievance redressal committee

To ensure transparency in all the activities at different stages, College provides proper mechanism for redressal of their grievances. This committee will deal with all the Grievances directly which is related to the common problems at Institute level both Academic and Administrative. The aggrieved member shall submit his/her petition in online system which available in college website or written petition to the Grievance Redressal Committee in a sealed envelope marked 'confidential'. On receipt of a petition the Grievance Redressal Committee will endeavor to send its recommendation to the Principal for further action. In case of false and frivolous complaint (if proved), the Grievance Redressal Committee will recommend Principal/ Disciplinary Authority to take appropriate action against the complainant. Complaints dropped in the 'Suggestion Box' by students and parents are redressed. All complaints are scrutinized by the management and the grievance redressal cell.

In the above context, it is hereby informed that the Grievance redressal committee has been re-constituted to address any grievances of the students. The coordinator is required to conduct periodical meetings (minimum of two meetings per year) to discuss and report the outcome of the meeting to Principal. The following are the roles and responsibilities of the committee:

- To receive any specific complaint for any individual of institute.
- To conduct enquiry into complaint and finalise the issue to the utmost satisfaction of complainant within frame work of norms.

- Action taken with respect to previous meeting resolutions was reviewed
- The members felt that as the results were poor, the remedial classes have to be conducted. They decided each faculty will take the responsibility 20 students in their area respectively and conduct the classes on regular basis.

- It was also felt that few lectures by doctors, psychiatrists and counselors during the induction programme will enable the first BE Students to appreciate and become more focused on the professional course they have taken.

The meeting was concluded with the Coordinator thanking all the committee members present for their participation.

The following decisions were made with respect to agenda:

- Action taken with respect to previous meeting resolutions was reviewed
- The members unanimously decided that the attention should be given to the poor performers which has to be identified by the results and the test. The concerned faculty also to be asked to talk to the individual students who have not performed up to the expectation. Monitor their performance and guide them as and when required.
- The members suggested that when counselling is done only the concerned faculty and the students are there, the student might get more confidence to discuss their issues. It was also decided to see that the students might be performing low because of poor attendance and his personal issues which has to be identified and managed.
- To give more attention to those students who voluntarily come and seek counseling
- It was decided to set up a common timing for all the students so that the student counsellor would be available to handle the issues of the students

- It was decided that the faculty be advised to report problematic cases to the Departmental Counsellors.

The meeting was concluded with the Coordinator thanking all the committee members present for their participation.

16. Sri.Santosh S.G. 

The following discussions were made with respect to the agenda:

1. Identification of Poor Performers:

- 1.1 All the members were of the opinion that as the results of the exams were announced, the faculty have to recognise and identify the students who have failed in one subject or more than one subject and give special attention to all of them by giving special care, talking to them and find out the reasons for their failure, give them tips so that they are able to give attention to the present studies as well as the for the subjects in which they have failed.
- 1.2 The attention should be given to those students who show a poor performance during the first test which would be starting very soon, recognise the students who require

students to build an insight in to their study habits, make them understand the common mistakes and errors which they might be doing.

1.3 The faculty mentors also should give tips to students to enable them to improve their writing and presentation skills.

2. Discussion on measures to improve (administrative and academic) performance of students

2.1.1 Discussion of requests, if any received from students for counselling

It was discussed that if students come with the request for counselling assistance, the departmental counsellors can talk to them and if they feel further assistance is required they can send them to the coordinator of Counselling Cell.

2.1.2 Common timings for two days where in the student counsellor would be available for consultation

It was also discussed that the Counselling Cell and its coordinator be available to all the students on two days a week namely on every **Tuesday and Thursday between 2.30pm to 5 pm at the MBA Block.**

2.1.3 New Initiatives by the Student Counselling Centre:-

There were suggestions from the Student Counsellors that new initiatives could be taken to strengthen the centre as help the students for better personality

- To arrange special talks by eminent personalities, from Shimoga and other places to strengthen the confidence and self-assurance level of students. Few names like Dr. Preethi, Dr. Sandhya Kaveri, Dr. Aravinda, Dr. Shubratha, Dr. Veena Bhat, Prof. Vinayka's names were suggested. They also assured that they would suggest the names if they come across any eminent personality or a good orator.
- The members were of the opinion that the talk should be for 4th Semester students, 1st semester students and students who would be on the verge of going for Placement drive. They also suggested special talks exclusively for lateral entry students could be organised

2.1.4 Regular and Robust Reporting:-

- It was suggested that the Departmental counsellors can coordinate with their respective mentors, and get the information and details about the mentoring along with getting the update about the progress of the students in need.
- After getting the updated report about the students, if students require additional assistance they can be sent to the Coordinator of SCC.

3 Any other Issues:-

- Dr. E. Basavaraj Suggested that for the first year students other than the regular orientation day, special Orientation of one day has to be organised where in they

would be oriented towards the transition from the dependency mode to the independency mode in studies, and meet the extra demands and requirements of the professional course. He was of the opinion that this would facilitate the students to get acclimatised with the new environment.

- Prof. V.Ashok suggested that the valuation of the first internals of the first semester students should be valued a bit liberally so as to boost the confidence level of the first year students who might have lot of apprehensions and fear about the course as the students could also be from rural background.
- Prof. MadhusudhanGolla was of the opinion that the students would be given aprons to wear during the lab sessions so that uniformity would be there when they come to labs. He further added this may apply to those Departments where in the practice of lab uniform was not there.

The meeting was concluded with the Coordinator thanking all the faculty members for their active participation.

The following discussions were made with respect to the agenda:

- The meeting started with the discussion on the first year students. As the number of girl students in the campus are increasing year by year, it was suggested a separate session for the girl students of the first year and special session with hostel students could be organised so that they could be helped in getting acclimatized with the new environment.
- They can also be guarded against the influences which may make them become totally disoriented
- If any student belonging to any semester has any problem and finding it difficult to manage their outburst, such issues will have to be taken care by the counsellors of the Departments and if it is required to send them to the coordinator of the SCC.

- It was also suggested that the any one warden of the women hostel wardens could be there in the SCC as a member so to help the hostel students and the real challenges of the hostel can also be understood.
- It was aslo decided that the students should understand and become aware about when they exactly have to see the student counsellor and how they can get the benefit from the counsellor.
- It was also decided that the students should be made to understand that the matters they discuss with the counsellor would be kept highly confidential and secretive.
- The meeting was concluded with the Coordinator thanking all the committee members for their active participation.

16. Sri.Santosh S.G. 

The following discussions were made with respect to the agenda:

1. Helping the students for optimum achievement academic pressures (Lack of concentration and motivation for studies, underachievement, backlogs, exam stress, unhealthy competition)

- The faculty expressed that during the even semester the extracurricular and curricular activities would be more the students could be facilitated in managing the academic work as well to be encouraged in participating in the extra curricular activities so that their resume could become more strong and the students would get the sense of accomplishment
- The faculty suggested that the concentration should be more on students who are just average, below average or students with backlogs. They should be motivated to pay more attention to the studies especially the final year students so that they complete the entire course before they leaving the campus after completion.

- The students with examination fear and exam stress should be identified and they should be counselled so as to make them come out of those fears and stress.

2. Loneliness and homesickness

- Few faculty observed that few students especially the girl students were having lot of home sickness and are in the practice of cutting classes with linking the weekends with public or festival holidays.

It was decided that the Departmental Counsellors should talk to those students, make them understand the purpose of their stay in the campus; make them get back their focus. It was also decided students who are not mingling with their friends and other hostel mates indirectly brought in to the social circles of friends so that gradually their homesickness and loneliness would fade away.

The meeting was concluded with the Coordinator thanking all the committee members for their active participation.

16. Sri.Santosh S.G. 

The following discussions were made with respect to the agenda:

1. Identification of Poor Performers:

- 1.1 All the members were of the opinion that as the results of the exams were announced, the faculty have to recognise and identify the students who have failed in one subject or more than one subject and give special attention to all of them by giving special care, talking to them and find out the reasons for their failure, give them tips so that they are able to give attention to the present studies as well as the for the subjects in which they have failed.
- 1.2 The attention should be given to those students who show a poor performance during the first test which would be starting very soon, recognise the students who require

students to build an insight in to their study habits, make them understand the common mistakes and errors which they might be doing.

1.3 The faculty mentors also should give tips to students to enable them to improve their writing and presentation skills.

2. Discussion on measures to improve (administrative and academic) performance of students

2.1.1 Discussion of requests, if any received from students for counselling

It was discussed that if students come with the request for counselling assistance, the departmental counsellors can talk to them and if they feel further assistance is required they can send them to the coordinator of Counselling Cell.

2.1.2 Common timings for two days where in the student counsellor would be available for consultation
